A year of landmarks on the wall

The final ACI Godrej Agrovet 2026 wall calendar pairs six landmark illustrations with twelve months of dates.

January and February

A red disc and ascending columns lead the first two months. The illustration sits above the calendar grid.

COMPLETE ORIGINAL ARTWORK

March and April

The national memorial and Bangladesh flag anchor the illustration. Product packs sit in the footer below the date grid.

COMPLETE ORIGINAL ARTWORK

May and June

A terracotta building stands against the sky. The two month tables use the same spacing as the other sheets.

COMPLETE ORIGINAL ARTWORK

July and August

A path gives the architectural illustration a central perspective. Both month grids sit beneath the same brand strip.

COMPLETE ORIGINAL ARTWORK

September and October

A bridge cuts across a wide blue scene. The dates retain their fixed position in the lower half.

COMPLETE ORIGINAL ARTWORK

November and December

The final sheet shows a stepped brick landmark above the two month grids and product images.
