Make two initials carry the identity

The Your Daddy logo kit sets a joined YD monogram above the name, with teal and monochrome exports for different grounds.

YourDaddy

Join a diagonal to an open curve

The stem of the Y meets the curved D, making a single silhouette from the two initials. The centred name sits below the monogram.

PRIMARY TEAL LOGO ON A LIGHT GROUND

Keep the shape consistent through colour changes

The black version keeps the same proportions and the white artwork is supplied separately for dark surfaces.

MONOCHROME AND REVERSED LOGO FILES

Connect the unconnected.
